D3 was shown in the study in *Physiol Behav.* 1997 Dec 31;63(1):137-41. to regulate anxiety. Oats have been used to relieve anxiety and are rich in micronutrients. Lemon Balm is used by many to relieve stress and anxiety. Catnip has been used for centuries to promote relaxation. L-Theanine is a unique amino acid which can pass the blood brain barrier. It has a very positive effect on mood and was shown in a Japanese study to relieve
