bioRevival®

Night D Night

D3 + Lemon Balm Sleep formula*

Having trouble sleeping? BioRevival® has combined Vitamin D3, Wild Lettuce, Oats, Chamomile, Scullcap, Hops, Lemon Balm/Melissa, and Passionflower to create a formula that supports restful sleep. Non habit forming and good for you! Sleep tight with Night D Night!*

DIETARY SUPPLEMENT 60 CAPSULES

Night D Night a novel approach to sleep remedies

All of us could use more sleep. Deep restful sleep eludes so many of us. We do not use Valerian or Melatonin, but rather BioRevival has made a synergistic blend of Vitamin D3 with other ingredients, shown in studies to positively effect a change in conditions like autism to fibromyalgia, as well as improve sleep cycles. Passion flower is used to increase the length of a sleep cycle. The German Commission E recognizes lemon balm for treating nervous disturbances of sleep. Hops has been used in Europe for 1200 years to treat insomnia. Chamomile

is an excellent herb to help you relax. Scullcap has been used by American herbalists for sleep. Oats are considered a super food which gives relaxation. Wild Lettuce contains Lactucopicrin and Lactucin, compounds that are known to be mild sedatives.

BioRevival has taken the best and made a formula that will help you feel great! We DO NOT use Magnesium Stearate in the production of our products!*
